- 2022, 82.40%

Higher Secondary - (12)

SANT TULSI DAS INTER COLLEGE, REHLA

- JAC BOARD
- 2024, 65.6%

B.Tech (Computer Science & Engineering)
ARKA JAIN UNIVERSITY, JAMSHEDPUR

- AICTE-approved under
UGC-recognized university
- First semester - (CGPA:- 6.82)
- Equivalent Percentage:- 68.20%
- June 2024 - May 2025 (12 Month)

SKILLS

- Python programming
- HTML
- CSS
- Javascript
- Canva
- Wix studio & Figma

LANGUAGES

- English (Professional Proficiency)
- Hindi – Native / Mother Tongue

PROFILE

I am an enthusiastic and dedicated B.Tech Computer Science Engineering student at Arka Jain University, Jamshedpur, with a strong foundation in software development, web technologies, and problem-solving. Passionate about building efficient, user-friendly applications, I possess hands-on experience in HTML, CSS, JavaScript, and version control systems like Git and GitHub. I have successfully completed a year-long internship where I collaborated on real-world projects, improved coding standards, and contributed to front-end and back-end development tasks. My exposure to UI/UX design tools such as Figma and Canva has enhanced my understanding of creating engaging, responsive interfaces.

WORK EXPERIENCE

Software Development Intern

arka jain university, Jamshedpur
January 2024 - June 2024 (6 Months)

Role Overview:

As a Software Development Intern, I gained practical exposure to the software development lifecycle after completing my first semester of B.Tech in Computer Science Engineering. During this period, I actively contributed to various live projects under the guidance of experienced software engineers. Additionally, the internship enhanced my problem-solving abilities, teamwork skills, and understanding of industry-standard tools and development methodologies such as Agile and Scrum.

Key Responsibilities:

- Assisted in designing, developing, and debugging responsive websites using HTML5, CSS3, JavaScript, and basic ReactJS.
- Involved in writing clean and reusable code modules to improve website functionality and user experience..
- Collaborated with UI/UX designers to implement interactive features and make design improvements using Figma and Canva tools.
- Worked with Git and GitHub for version control and source code management across multiple development environments.
- Learned the importance of performance optimization and scalability in web application development.

Key Achievements:

- ✓ Developed multiple front-end pages and successfully integrated them into live client projects.
- ✓ Optimized website loading speed and user experience across different devices.
- ✓ Earned appreciation from mentors for problem-solving skills and quick adaptability to new technologies.
- ✓ Gained hands-on knowledge of industry best practices and coding standards.
